commisioners, January 29, 1913, to the date of payments to the former owners. Only the private owners will be affected by the passage of the measure.

A brief urging adoption of the bill has been filed with the Senate appropriations committee by the association known as Enlargement of the Capitol Grounds Association, which was organized last year. Officers of the association are: Louis A. Dellwig, president, and Robert Nicholson, secretary.

The brief sets out the facts in the case and cites a large number of court decisions showing that the same relief asked for has been granted in many states in cases where the Unted States, the municipality or the railroads have acquired property under the law of eminent domain. In all such cases, it is stated, interest has been allowed where payments were delayed.
